

BIBLO

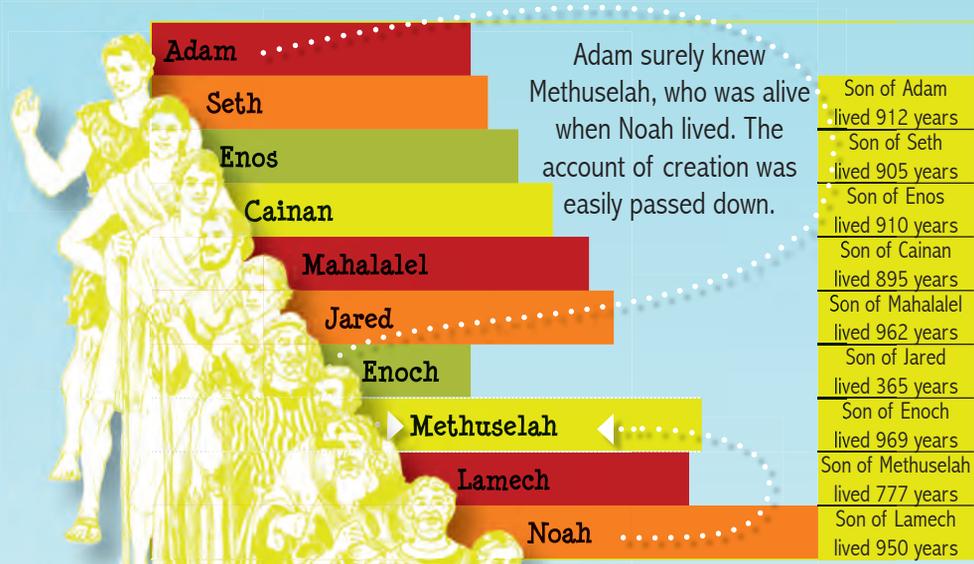

Book of History

**A 15 foot fold-out time-line
from Creation to Modern Computers**

In the Old Testament, every time “day” appears with “evening and morning” or with a number like “sixth day,” it refers to a **LITERAL** 24-hour day.

- Day 1:** Heavens, earth, water & light
- Day 2:** Expanse: sky & the waters divided
- Day 3:** Dry land & plants
- Day 4:** Sun, moon & stars
- Day 5:** Flying and sea creatures
- Day 6:** Land animals & man
- Day 7:** God rested

Adam surely knew Methuselah, who was alive when Noah lived. The account of creation was easily passed down.

Was the fruit really an apple?

Hint: look-up Genesis 3

Did you know?

Enoch did not die, but was taken to be with God (Heb. 11:5, Gen. 5:24)

Adam & Eve

Day 10

Hint: see study guide

Cain kills Abel

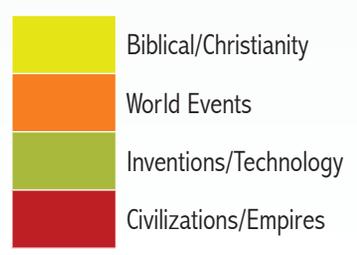

Angry and jealous, Cain killed his brother Abel. It's the first murder in history. Abel, a shepherd, honored God by offering the firstborn of his flocks (e.g., mimicked what God did in Gen. 3:21). The Lord accepted Abel's offering, but rejected Cain's because it was not a similar offering.

The Fall Adam and Eve lived in the Garden of Eden for only a short time. On the 10th day, the Fall of Man occurred. Adam and Eve disobeyed God's command not to eat from the Tree of Knowledge of Good and Evil. With the Fall, death and suffering became part of life; as well as our need for a Savior, the perfect sacrifice for our sins so we can have eternal salvation.

Timeline Abbreviations	
B.C.	Before Christ
A.D.*	Anno Domini latin, meaning for "Year of our Lord"
C.	circa latin, meaning for "around"

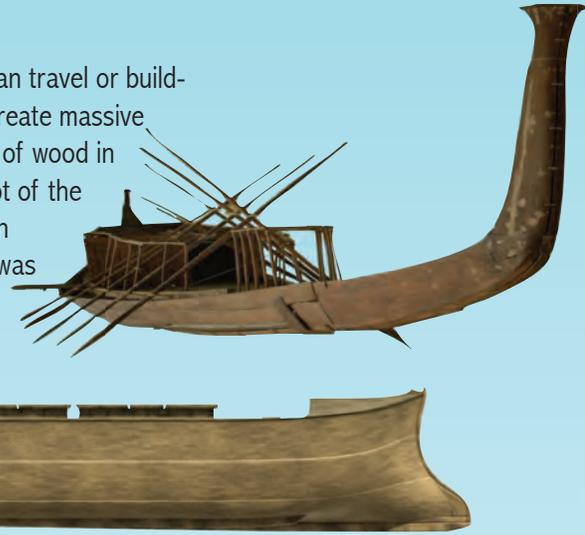

*NOTE: While referencing A.D. dates, a designation should appear in front of the year; however, this chart lists it after to make it easier for children to explore.

Early ship building There is evidence that early civilizations were not intimidated by ocean travel or building big ships. Noah's Ark is not the only massive ship constructed in antiquity. China would create massive transports and ships of war, as would Egypt. The Khufu Ship (right), 143 feet long and built of wood in

c.2500 B.C. was found buried at the foot of the Great Pyramid. Another massive wooden vessel was the *Tessarakonteres*, which was 420-feet long. Noah's Ark was around 500 feet long.

The Great Flood Genesis 6:9 – 9:17

2347B.C.

1st Day	40th Day	150th Day	224th Day	264th Day	271th Day	278th Day	285th Day	314th Day	370th day
Rain begins; fountains of the deep break apart	Water covers the highest place on Earth; Ark raises up	Waters reach highest point of global flood; Ark lands in the mountains of Ararat	Water receding, and tops of mountains are visible	Noah sends out a raven	Dove sent out and returns	Dove sent out and returns with olive leaf	Dove sent out, and it does not return	Noah removes cover of the ark and can see the dry surface of the Earth	God commands Noah and animals to leave the Ark

Days of Noah

1922B.C. Call of Abraham (The descendant of Eber of Arphaxad)

Advances in agriculture

Shipbuilding – both ocean and river vessels – occurs globally

Megalithic building (large stone)

God commands mankind to fill the earth. (Gen. 11:1–4)

2242B.C. Tower of Babel - people groups disperse around the world.

Civilizations begin to form in China circa 1900 B.C.

2089B.C. Javan, founder of Greece

2188B.C. Mizraim, founder of Egypt

2234B.C. Nimrod, took Babylon as the first center of his kingdom

224th Day

Flush toilets The Indus Valley (India and Pakistan, who were decendents of Arphaxad of Joktan and others) has been the site of several early civilizations. These include the Harappan Civilization – named after the modern city of Harappa in which ancient ruins were excavated. Agriculture, hydraulic engineering, working with metal, artisans, and to tradesmen – they were a skilled civilization where people in the cities even had flush toilets in their homes! What is most amazing is that the water and sewer systems of these ancient cities are more efficient than some of the modern systems in place today!

Water then ice

Did you know the Flood of Noah caused the Ice Age? Volcanic eruptions created clouds that blocked out the sunlight. Afterward, the land remained cold, and with the clouds forming and then snow falling that became ice. At one point, the Great Ice Age covered one-third of the world in ice. It didn't take millions of years for these large sheets of ice to form, and biblical history proves it!

Son's of Noah		
Japheth	Shem	Ham
Grandson's of Noah		
Gomer	Elam	Cush
Magog	Asshur	Miziraim
Madai	Arphaxad	Phut
Javan	Lud	Canaan
Tubal	Aram	
Meshech		
Tiras
